Project Manager (m/f/d) Greater Munich/Southern Germany

Description

HIB Huber Integral Bau GmbH and Huber car park systems international GmbH are two general contractors in the car park industry with a total of approx. 150 employees. We design, finance, build and operate multi-storey car parks in one-stop-shop fashion. Together we have completed more than 300 projects in Germany and neighbouring European countries. We also manage different independent companies in the car park operating industry.

To support our team, we are offering permanent fulltime positions for motivated and committed
